**Shape & measure**

Measuring size

We can measure things using a ruler. The ruler on this page shows length in centimetres. Use the ruler to measure all the creatures. Start measuring from the number 0 on the ruler.
The shark is: 9 centimetres.

The fish is: ____ centimetres.

The ladybird is: ____ centimetres.

The ant is: ____ centimetres.

| 0 | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 |

What else could you measure? Tick the star.
